📍 Erbil

Education

B.Sc. in Mathematics Salahaddin University | Graduated: Jun 2026

PROFILE

Mathematics graduate with strong analytical and problem-solving skills. Passionate about UI/UX design, graphic design, and digital media. Proficient in Figma and Microsoft Office, with foundational knowledge of Adobe Photoshop, Adobe After Effects, and Adobe Premiere Pro. Eager to learn, contribute, and grow within a professional team.

Employment

Freelance UI/UX & Graphic Designer (2025–Present)

Designed wireframes, prototypes, and high-fidelity user interface mockups using Figma. Created branding materials, business cards, and social media advertisement designs. Edited promotional videos and basic motion graphics using Adobe Premiere Pro and Adobe After Effects. Worked closely with clients to understand project requirements and deliver creative design solutions.
